

**COMMERCIAL POULTRY POPULATION DATA**  
**YEAR 2021-2022**

Commercial Poultry in Pakistan was established in 1962. It is one of the largest agro based segment of Pakistan having an investment of more than 1,533 Billion rupees. Poultry Industry of Pakistan is making a tremendous contribution in bridging the gap between supply and demand of meat protein. With the continuous depletion of supply of red meat, poultry is the cheapest available animal protein source for our masses and as such is an effective check upon the spiraling animal protein prices. Therefore, we are already consuming less protein as per required standards. Poultry Industry generates employment and provides source of income to more than 1.5 million people of Pakistan directly & indirectly.

**Present Status**

- Presently turnover of Pakistan Poultry Industry is about 1,533 Billion rupees.
- Poultry sector generates employment and income for about 1.5 million people.
- Poultry sector is one of the most organized branches of the agro based sector of Pakistan. Its growth rate is 10-12% per annum.
- At present over 190 billion rupees worth of agriculture produce and by products of agriculture are being used in poultry feeds.
- There are over 15000 poultry farms spread deep into the rural areas across the country from Karachi to Peshawar. Capacity of farms range from 5,000 to 500,000 broilers.
- Marketing channels of broilers and eggs are predominantly in the unorganized sector.
- 40-45% of the total meat consumption is being procured from poultry products.
- Poultry Slaughterhouses, Processing/Value Addition in organized sector is 5-6%
- Annually we are producing 10,000 million table eggs.
- Annually we are producing 1,250 million kilo grams chicken meat.
- In our country per capita consumption of meat is only 6.45 kilo grams and 50 eggs annually. Whereas developed world is consuming about 40 kilo grams meat and over 300 eggs per capita per year.
- As per standard of World Health Organization, daily requirement of animal protein for a person is 27 grams whereas public is consuming 17 grams only. Therefore, we are already consuming less animal protein as per required standards.
